WASHINGTON, D.C. 20301

6 SEP 1979

U-6589/RSS-4B

MEMORANDUM FOR THE CHAIRMAN, DCI SECURITY COMMITTEE

SUBJECT: Revision of DCID 1/11

Reference: DCI SECOM memorandum, SECOM-D-604, 9 August 1979, subject as above.

1. Reference requested comments from the DIA SECOM members about a revision of DCID 1/11.
2. DIA/RSS concurs with the referenced revision of DCID 1/11.
3. DIA recommends that the following change be made to the DCID. Page 2, paragraph 1.b., line 2, should read as follows:

"b. Reviewing and formulating personnel, physical, compromising emanations,...". Rationale: TEMPEST emanations are a significant threat to security and the SECOM charter should address this issue.

4. Attachment 2 of reference (Computer Security) and Attachment 4 (Research and Development) assign responsibility for computer security research and development to different subcommittees. Recommend that all computer security functions be assigned to the Computer Security Subcommittee.

FOR THE DIRECTOR:

DIA SECOM Member

cc:  
AFIS/INSC (Mr. Smith)
